

Contents

1	General Introduction	1
1.1	Emotional memory processing	1
1.2	Integration of cognition and emotion.....	2
1.3	Models of emotion lateralization	3
1.4	Experimental Approaches.....	4
1.4.1	Functional Magnetic Resonance Imaging (fMRI)	5
1.4.2	Transcranial Magnetic Stimulation (TMS)	7
1.4.3	Transcranial Direct Current Stimulation (tDCS)	9
1.4.4	Oxytocin (OXT).....	10
1.5	Aims of Research	11
2	Neural Mechanisms underlying the Integration of Emotion and Working Memory	13
2.1	Abstract.....	13
2.2	Introduction	13
2.3	Methods	16
2.3.1	Subjects.....	16
2.3.2	Experimental Design	17
2.3.3	Functional Imaging	18
2.3.4	Statistical analysis	18
2.4	Results.....	20
2.4.1	Behavioral Results	20
2.4.2	FMRI Results.....	21
2.5	Discussion	25
2.6	Conclusion	29
3	Lateralized Effects of Prefrontal Repetitive Transcranial Magnetic Stimulation on Emotional Working Memory	30
3.1	Abstract.....	30

3.2	Introduction	30
3.3	Methods	34
3.3.1	Subjects	34
3.3.2	Experimental design	34
3.3.3	Repetitive transcranial magnetic stimulation	37
3.3.4	Control variables	38
3.3.5	Statistical analysis	38
3.4	Results	39
3.4.1	Demographics and control variables	39
3.4.2	EMOBACK task performance	41
3.4.3	Word ratings	43
3.5	Discussion	43
3.6	Conclusion	47
4	State-dependent Effects of Prefrontal Repetitive Transcranial Magnetic Stimulation on Emotional Working Memory	48
4.1	Abstract	48
4.2	Introduction	48
4.3	Methods	51
4.3.1	Sample	51
4.3.2	Emotional working memory task	51
4.3.3	Experimental procedure	53
4.3.4	tDCS priming	54
4.3.5	rTMS	54
4.3.6	Additional measures	55
4.3.7	Statistical analysis	55
4.4	Results	56
4.4.1	Task performance	56
4.4.2	Control variables	59
4.5	Discussion	61
4.6	Conclusion	64

5	Effects of Intranasal Oxytocin prior to Encoding and Retrieval on Recognition Memory	65
5.1	Abstract.....	65
5.2	Introduction	65
5.3	Methods	68
5.3.1	Subjects.....	68
5.3.2	Study Design	69
5.3.3	Emotion regulation task.....	70
5.3.4	Recognition memory task.....	70
5.3.5	Control variables	71
5.3.6	Statistical Analysis.....	71
5.4	Results.....	72
5.4.1	Demographics and individual characteristics	72
5.4.2	Influence of OXT on memory performance	74
5.4.3	Influence of valence on memory performance	77
5.4.4	Emotional ratings.....	77
5.5	Discussion	78
5.6	Conclusion	82
6	General Discussion	83
6.1	Integration of findings	83
6.2	Perspectives	87
