

Essays on Investors' Stock Trading Behavior

Inaugural-Dissertation zur Erlangung des Doktorgrades des
Fachbereichs Wirtschaftswissenschaften der
Johann Wolfgang Goethe-Universität
Frankfurt am Main

vorgelegt von
Dipl.-Kfm. Thomas Etheber, CFA
aus
Düren

Frankfurt am Main, 2014

Inhaltsverzeichnis

Inhaltsverzeichnis	IV
Abbildungsverzeichnis	VII
Tabellenverzeichnis	VIII
I. Deutsche Zusammenfassung	1
1. Motivation der Arbeit	3
2. Vorstellung der Fachbeiträge	9
2.1. Beitrag 1: Earnings Announcements, Miller's Stocks and Private Investors	9
2.2. Beitrag 2: Heuristics' Trading Volume Effects	12
2.3. Beitrag 3: Trading on Noise	16
3. Fazit und Ausblick	21
4. Literaturverzeichnis	24
II. Fachartikel	35
1. Earnings Announcements, Millers's Stocks and Private Investors	37
1.1. Introduction	38
1.2. Related Literature	39
1.3. Data and Methodology	41
1.3.1. Event Definition and Sample Description	41
1.3.2. Variable Definition	47
1.3.3. Research Design	52
1.4. Results and Discussion	54
1.4.1. Market Level	54
1.4.2. Private Investor Level	62
1.4.3. Robustness Checks	75
1.5. Conclusion	76
1.6. Appendix	78
1.7. Bibliography	91

2. Heuristics' Trading Volume Effects: The Case of Technical Trading Rules	97
2.1. Introduction	98
2.2. Related Literature and Hypotheses	100
2.3. Data and Methodology	103
2.3.1. Data and Sample Characteristics	103
2.3.2. Signal Generation and Signal Characteristics	106
2.3.3. Turnover Measures	109
2.4. Stock Trading Volume around Signal Days	114
2.4.1. Event Study Approach: Univariate Tests	114
2.4.2. Regression Approach: Multivariate Tests	118
2.4.3. Asymmetric Effects of Buy and Sell Signals	123
2.4.4. Robustness Checks	126
2.5. Conclusion	129
2.6. Appendix	131
2.7. Bibliography	141
3. Trading on Noise	149
3.1. Introduction	150
3.2. Data and Signal Generation	155
3.2.1. Private Investor Dataset	155
3.2.2. Signal Generation	160
3.3. Private Investors' Trading Activity on Signal Days	161
3.3.1. Univariate Results	161
3.3.2. Multivariate Results	163
3.4. Identification of Chartists	168
3.4.1. Classification Approach	168
3.4.2. Chartists' Personal and Portfolio Characteristics	172
3.5. Trade and Portfolio Performance	177
3.5.1. Evaluation of Trade Performance	177
3.5.2. Evaluation of Portfolio Performance	189
3.6. Conclusion	195
3.7. Appendices	197
3.7.1. Appendix A: Number of Distinct Stocks Traded	197
3.7.2. Appendix B: Additional Figures and Tables	200
3.8. Bibliography	213
