

# **Health economic studies on the cost of cardiovascular disease**

**Inaugural-Dissertation**

**zur Erlangung des Grades Doctor oeconomiae publicae (Dr.oec.publ.)**

**an der Ludwig-Maximilians-Universität München**

**D19**

**vorgelegt von**

**Christian Becker**

**Jahr: 2015**

**Referent: Prof. Dr. Reiner Leidl**

**Korreferent: Prof. Dr. Ingo Weller**

**Promotionsabschlussberatung: 04.11.2015**

# Table of contents

Figures .....	i
Tables.....	ii
Abbreviations .....	iii
Brief summary .....	v
Chapter 1: General Introduction.....	1
1.1 General background .....	1
1.2 Focusing on the cost-of-illness of atrial fibrillation .....	3
1.2.1 Clinical background of atrial fibrillation .....	3
1.2.2 Cost-of-illness study of atrial fibrillation.....	5
1.2.2.1 Reasons to conduct cost-of-illness studies.....	5
1.2.2.2 Calculating the cost-of-illness based on population-based studies .	6
1.3 Focusing on the excess-costs associated with a coronary heart disease prevention program .....	9
1.3.1 Background .....	9
1.3.1.1 Coronary heart disease .....	9
1.3.1.2 The individual-level health care program KardioPro .....	10
1.3.2 Calculating the excess-costs of an integrated care program using routine data .....	11
1.4 Aim and structure of this thesis .....	14
Chapter 2: Cost-of-illness studies of atrial fibrillation: methodological considerations.....	17
Abstract .....	18
2.1 Introduction .....	19
2.2 Methods.....	20
2.3 Results .....	21
2.4 Discussion .....	48
2.5 Conclusion.....	54
Appendix Chapter 2 .....	55

Chapter 3: The costs of atrial fibrillation in Germany – an analysis of two population-based studies.....	56
Abstract .....	57
3.1 Introduction .....	58
3.2 Methods.....	58
3.3 Results .....	63
3.4 Discussion .....	68
3.5 Conclusion.....	71
Appendix Chapter 3 .....	72
Chapter 4: Propensity score matching based on routine data for evaluating prevention programs in open populations .....	73
Abstract .....	74
4.1 Introduction .....	75
4.2 Propensity score-based method of control group building for open populations .....	77
4.3 Case example .....	83
4.4 Discussion .....	88
4.5 Conclusion.....	93
Chapter 5: The excess health care costs of KardioPro, an integrated care program for coronary heart disease prevention .....	94
Abstract .....	95
5.1 Introduction .....	96
5.2 Material and methods .....	97
5.3 Results .....	102
5.4 Discussion .....	107
5.5 Conclusion.....	112
Appendix Chapter 5 .....	113
Chapter 6: General discussion .....	115
6.1 Summary of findings .....	116
6.2 Discussion .....	118
6.3 Conclusion and outlook .....	127

Appendix: Publications and manuscripts included in this thesis .....	130
Acknowledgements.....	131
References .....	132
Curriculum vitae .....	155
