

I. List of Contents

1.Introduction	1
2. Corporate Restructuring in Europe - Starting Point and Motivation	6
2.1 Corporate restructuring in Europe between 1998 and 2009	6
2.2 Corporate restructuring across European industries	10
3. Research Foundation	15
3.3 Corporate restructuring, M&A, and corporate divestiture.....	15
3.4 Previous research	16
3.5 Measuring success of corporate restructuring	16
3.5.1 Event studies	17
3.5.2 Accounting studies.....	20
3.5.3 Research approach	21

Section A:

Wealth Creation of Corporate Restructuring across Market Cycles

4. Wealth Creation of Mergers in Downturn Markets	25
4.1 Introduction.....	25
4.2 Literature and hypotheses	26
4.2.1 Related literature.....	27
4.2.2 Specific predictions.....	31
4.3 Data and methodology	34
4.3.1 Applied data	34
4.3.2 Classification of market valuation levels.....	35
4.3.3 Approach to determine quality of M&A transactions	36
4.4 Empirical results	41
4.4.1 Overall value creation in different market environments.....	41
4.4.2 Transaction characteristics in different market phases.....	46
4.4.3 Value creation of different transaction sub-samples	49

4.4.4	Regression analysis	56
4.5	Conclusion.....	61
4.6	Appendix.....	62
4.6.1	Summary Statistics	62
4.6.2	Robustness to value weighting of long-term results.....	64
4.6.3	Analysis of transactions size.....	67
5.	Wealth Creation of Corporate Divestitures: A Market Cycle Perspective	69
5.1	Introduction.....	69
5.2	Related research and hypotheses	71
5.2.1	Literature overview.....	71
5.2.2	Specific predictions.....	73
5.3	Data and methodology	74
5.3.1	Applied data	74
5.3.2	Classification of market valuation levels.....	75
5.3.3	Approach to determine shareholder wealth creation	76
5.4	Results	78
5.4.1	Value creation in different market valuation phases	78
5.4.2	Value creation of different divestment strategies	81
5.4.3	Multiple regression	83
5.5	Conclusion.....	89
5.6	Appendix.....	91
5.6.1	Summary statistics	91
5.6.2	4-factor calendar-time results	92
5.6.3	Operative performance effects (AROA).....	94

Section B:

Wealth Creation of Corporate Restructuring across Industries

6.	Industry Characteristics and M&A Value Creation.....	99
6.1	Introduction.....	99

6.2	Literature review and hypotheses	100
6.2.1	Literature review.....	100
6.2.2	Specific predictions.....	103
6.2	Data and Methodology	104
6.2.1	Industry M&A Data	104
6.2.2	Industry fundamental data	106
6.2.3	Research design	109
6.2.4	Multiple regression model	116
6.3	Results	117
6.3.1	Industry differences in M&A activity and value creation	117
6.3.2	Industry determinants of M&A activity	119
6.3.3	Industry determinants of M&A value creation.....	122
6.4	Conclusions	130
6.5	Appendix	131
6.5.1	Robustness to alternative industry classifications	131
6.5.2	Overview of industry characteristics	135
7.	Wealth Creation of Corporate Divestiture: An Industry Perspective	140
7.1	Introduction	140
7.2	Literature review and hypotheses	142
7.2.1	Literature review.....	142
7.2.2	Predictions.....	144
7.3	Data and Methodology	146
7.3.1	Industry M&A Data	146
7.3.2	Industry Fundamental Data.....	147
7.3.3	Approach to determine value creation	149
7.3.4	Multiple regression model	154
7.4	Results	155
7.4.1	Divestment activity	155
7.4.2	Value creation of corporate divestitures	158

7.5 Conclusions..... 163

7.6 Appendix..... 164

7.6.1 Overview of data sample 164

7.6.2 Results for inter- and intra-industry divestments 166

7.6.3 Univariate results 169

7.6.4 Robustness to calendar time long-term returns 171

7.6.5 Panel regression results..... 174

8.Summary and Conclusion 178
