

Table of Contents

Introduction	7
Chapter 1. Constitutions and economic policy – the theoretical nexus	13
1.1 The Constitutional Economics research program.....	15
1.2 Persson and Tabellini's (2003) theoretical framework.....	24
1.3 Future prospects and challenges faced by empirical verification	28
1.4 Constitutions and economic reforms in transition.....	33
Chapter 2. Post-socialist constitutions in a nutshell	43
2.1 Executive-legislature relations	46
2.2 Constitutional rights and freedoms	50
2.3 Enforcement mechanisms	56
2.4 Summary.....	60
Chapter 3. Regression analyses of economic effects of post-socialist constitutions	61
3.1 The empirical model.....	61
3.2 Dependent variable.....	63
3.3 Constitutional variables.....	65
3.4 Estimation results	66
3.5 Conclusions	77
Chapter 4. The synthetic control approach to estimating economic effects of post-socialist constitutions	79
4.1 The synthetic control method	79
4.1.1 Advantages of synthetic control.....	83
4.1.2 Requirements and potential drawbacks	85
4.1.3 Making inferences with the synthetic control method.....	88

4.1.4 Selected applications of the synthetic control method	90
4.2 Study design	93
4.3 Baseline results (country studies).....	98
4.4 Evaluating and explaining the reform gaps	100
4.5 Conclusions.....	107
Chapter 5. An evolutionary perspective on the role of post-socialist constitutions	109
5.1 The role of the constitution from an evolutionary perspective	110
5.1.1 Crucial rules	111
5.1.2 Stability vs. flexibility of the constitution.....	114
5.1.3 Imperfect incentives	118
5.2 Empirical tests	120
5.2.1 Introducing direct democracy mechanisms.....	121
5.2.2 Support for the constitution	128
5.3 Conclusions	134
Conclusions	137
References	143
Appendices	161
Appendix 1. Additional tables	161
Appendix 2. Additional figures.....	170
Appendix 3. Description of variables and data sources	178
Appendix 4. Unit weights and predictor balance for the synthetic control study.....	180
List of Tables.....	191
List of Figures	193
