Preface of the editor and co-editors	5
Preface of the EPNS	7
Credits	9
Cooperations	11
List of authors	13
Abbreviations	23
A Emergency and intensive care	25
A.01 Febrile seizures	26
A.02 Status epilepticus (SE)	30
A.03 Acute dystonic reaction	32
A.04 Acute Ataxia	34
A.05 Acute increased intracranial pressure (ICP)	37
A.06 Guillain-Barré Syndrome (GBS)	41
A.07 Neurometabolic dysfunction	44
A.08 Traumatic brain injury (TBI)	50
A.09 Paediatric stroke	52
A.09.1 Thromboembolic events	56
A.09.2 Intracranial haemorrhage/bleeding	62
A.09.3 Cerebral venous sinus thrombosis	70
A.09.4 Dissection (cerebrovascular)	74
A.09.5 Arteriovenous malformations	77
A.10 Battered child	85
A.11 Coma	87
A.12 Brain death	98
A.13 Intoxications	99
B Neonatology	105
B.01 Neonatal seizures	106
B.02 Neonatal hypoxic-ischaemic encephalopathy (HIE)	108
C Pain	113
C.01 Headache	114
C.02 Primary Headache	116
C.03 Secondary Headache	121
C.04 Pain management in palliative care	122
C.05 Idiopathic intracranial hypertension (IIH)	128

D Development	133
D.01 Developmental disorders	135
D.02 Hyperkinetic disorder	138
D.03 Education entrance qualification (school maturity)	141
D.04 Tic disorder and Tourette syndrome	142
D.05 Autism spectrum disorder (ASD)	144
D.06 Fetal alcohol spectrum disorders (FASD)	145
E Epilepsy	149
E.01 Epilepsy	150
E.02 First seizure	153
E.03 Paroxysmal events (non-epileptic)	154
E.04 West-Syndrome	160
E.05 Benign epilepsy with centrotemporal spikes (BECTS, Rolandic epilepsy) .	161
E.06 Absence epilepsy	163
E.07 Juvenile myoclonic epilepsy	164
E.08 Localizing signs in epilepsy	166
E.09 Therapeutic strategies in different electroclinical epilepsy syndromes	170
E.10 Epilepsy surgery	176
F Vertigo	183
F.01 Vertigo and dizziness	185
G Movement disorders	191
G.01 Cerebral palsy	192
G.02 Dystonia	200
H Cranial nerves	207
H.01 Facial palsy	208
H.02 Optic neuritis	212
I Rehabilitation	217
I.01 Rehabilitation (inpatient)	219
J Inflammation and infection	223
J.01 Multiple sclerosis/ADEM	225
J.02 Cerebral vasculitis	230
J.03 Lyme disease	236
J.04 Meningitis and encephalitis	238

K Oncology	243	P Hydrocephalus, Myelomeningocele (MMC), Chiari Malformations	345
K.01 Neoplasm of the CNS	244	P.01 Hydrocephalus in infants	346
L Genetics	253	P.02 Management of the shunted hydrocephalus	348
L.01 Genetics	254	P.03 Myelomeningocele (MMC)	350
L.02 Neurocutaneous syndromes	256	P.04 Chiari malformations (CM)	352
L.03 Craniosynostosis	262	Q Neuro-Orthopaedics	357
L.04 Rett syndrome	264	Q.01 Hip joint	358
L.05 Microdeletion syndromes	266	Q.02 Scoliosis	360
L.06 Trisomy 21	270	R Neurological examinations	365
M Autonomic nerve system	275	R.01 Neurological examinations (from 2 years of age)	366
M.01 Hypersalivation and dysphagia	276	R.02 6 minutes neurological examination	368
M.02 Bladder dysfunction	279	R.03 Developmental assessment – overview & orientation	370
M.03 Sleep disorders	280	R.04.1 Basic developmental assessment – up to 20 days	372
N Neurometabolic and neurodegenerative disorders	285	R.04.2 Basic developmental assessment – 4 th to end of 8 th week	374
N.01 Neurometabolic disorders	286	R.04.3 Basic developmental assessment – 3 rd to end of 4 th months	376
N.02 Neurodegenerative disorders	294	R.04.4 Basic developmental assessment – 6 th to end of 8 th months	378
N.03 Mitochondrial disorders	296	R.04.5 Basic developmental assessment – 11 th to end of 13 th months	380
O Neuromuscular disorders	305	R.04.6 Basic developmental assessment – 17 th to end of 19 th months	382
O.01 Neuromuscular disorders	306	R.04.7 Basic developmental assessment – 21 st to end of 26 th months	384
O.02 Muscle dystrophies	309	Medication	389
O.02.1 Duchenne-Becker muscular dystrophy (DMD, BMD)	310		
O.02.2 Limb-girdle muscular dystrophy (LGMD)	312		
O.02.3 Emery-Dreifuss Syndrome	314		
O.02.4 Myotonic dystrophy, Dystrophia myotonica (DM)	316		
O.02.5 Facio-scapulo-humeral muscular dystrophy (FSHD)	318		
O.02.6 Distal muscular dystrophy	320		
O.02.7 Congenital muscular dystrophy (CMD)	322		
O.03 Myopathies	324		
O.04 Myositis	330		
O.05 Spinal muscular atrophy (SMA)	333		
O.06 Neuromuscular transmission	336		
O.07 Peripheral nerve lesions	338		
O.08 Neuropathies	340
