

TABLE OF CONTENTS

Linear System Identification– A Survey M. Deistler	page 1
A Tutorial on Hankel–Norm Approximation K. Glover	26
A Deterministic Approach to Approximate Modelling C. Heij and J.C. Willems	49
Identification – a Theory of Guaranteed Estimates A.B. Kurzhanski	135
Statistical Aspects of Model Selection R. Shibata	215
Index	241
Addresses of Authors	246
