I. INTRODUCTION	1
II. THE FINANCIAL SAFETY NET: A FUNCTIONAL PERSPECTIVE	7
1. THE FINANCIAL SAFETY NET: DEFINITION, FUNCTIONS AND INSTITUTIONAL DIMENSIONS	8
2. THE FUNCTIONS OF THE SAFETY NET: HISTORICAL PERSPECTIVE	16
2.1 <i>The Lender of Last Resort and Crisis Management</i>	17
2.2 <i>Explicit Deposit Insurance</i>	25
2.3 <i>Chartering, Activity Restrictions</i>	27
2.4 <i>...and Prudential Regulation</i>	29
2.5 <i>Supervision and Intervention</i>	32
2.6 <i>Summary</i>	34
3. CURRENT POLICY DEBATES	37
3.1 <i>Explaining the Surge in Systemic Financial Fragility</i>	37
3.2 <i>Institutional Environment: Legal Frameworks and the Debate on Explicit versus Implicit Approaches to Depositor Protection</i>	40
3.3 <i>Institutional Arrangements: Allocating Safety Net Control Rights</i>	40
3.3.1 Evidence for the Importance of Governance Structures in Financial Safety Nets	42
3.3.2 Regulatory and Supervisory Independence	46
3.3.3 Mapping Functions to Organizations: Integrated Agencies, Central Banks and Multiple Bank Supervisors	47
3.4 <i>Concluding Remarks</i>	51
III. RECENT DEVELOPMENTS IN SAFETY NET DESIGN	53
1. INTRODUCTION	53
2. EXPLICIT DEPOSIT INSURANCE	54
2.1 <i>Sources and Scope</i>	54
2.2 <i>Dimensions of DIS Design</i>	56
2.3 <i>Characteristics of Newly Introduced DIS</i>	56

2.3.1	Country Characteristics	56
2.3.2	General Characteristics: Coverage, Membership, Pre-Funding and Administration	59
2.3.3	Specific Funding and Coverage Arrangements	60
2.4	<i>Adjustments of Existing DIS</i>	62
2.5	<i>Overall Picture and Trends</i>	64
2.5.1	Membership	64
2.5.2	General Funding Characteristics	65
2.5.3	Premium Assessment	66
2.5.4	General Coverage Characteristics	68
2.5.5	Coverage Ratios, Coinsurance, and Offsetting	70
2.5.6	Mandates, Powers, and Interaction with other Safety Net Participants	74
2.5.7	Administration and Corporate Governance	76
3.	OTHER DEVELOPMENTS IN SAFETY NET DESIGN	76
3.1	<i>Secular Trends in Derived and Auxiliary Functions</i>	77
3.2	<i>Allocating Safety Net Functions: Integrated Agencies and the Role of Central Banks</i>	83
3.2.1	Costs and Benefits of Alternative Organizational Structures	84
3.2.2	Changes in OECD Economies	93
3.2.3	The Trend towards Integrated Agencies from a Broader Perspective	101
4.	SUMMARY AND CONCLUSION	103
5.	APPENDIX	106

IV. EXPLICIT DEPOSIT INSURANCE AND SYSTEMIC FINANCIAL FRAGILITY157

1.	INTRODUCTION	157
2.	AN UPDATE OF THEORY AND EVIDENCE	159
2.1	<i>Theoretical Considerations</i>	159
2.1.1	Deposit Insurance in Economic Theory	161
2.1.2	Banking without (Explicit) Depositor Protection	164
2.2	<i>Effects of Introducing Explicit Deposit Insurance</i>	167
2.2.1	Legal Specification of Depositor Compensation	167
2.2.2	Availability of Additional Instruments	169
2.2.3	Reduced Scope for Asymmetric Bailout Policies	171
2.3	<i>Recent Empirical Work on Deposit Insurance Schemes</i>	172
3.	CONCEPTUAL PROBLEMS AND ECONOMETRIC APPROACH	177
3.1	<i>Selection Bias</i>	177
3.2	<i>Dealing with Selectivity</i>	181
3.3	<i>Other Problems</i>	182
4.	DATA AND RESULTS	184
4.1	<i>Data</i>	184
4.1.1	Dependent Variable	184
4.1.2	Deposit Insurance Design and Macroeconomic Controls	185
4.1.3	Financial System Characteristics	185
4.2	<i>Results: The Explicitness of Deposit Insurance</i>	187
4.2.1	Results from Propensity Score Matching	187
4.2.2	Robustness Tests and Parametric Estimates	189
4.3	<i>Design Features of Explicit Schemes</i>	193
5.	CONCLUSION	194
6.	APPENDIX	195

V. THE ALLOCATION OF FINANCIAL SAFETY NET CONTROL RIGHTS – THEORETICAL INSIGHTS.....	203
1. INTRODUCTION	203
2. INCOMPLETE CONTRACT THEORIES OF SAFETY NET FUNCTIONS	204
2.1 <i>Banking in a Model of Incomplete Contracting</i>	204
2.1.1 Model Framework.....	205
2.1.2 Extensions of the Basic Model	207
2.1.3 Implications for Safety Net Design.....	208
2.2 <i>Prudential Supervision in an Incomplete Contracts Framework</i>	210
2.2.1 Model Framework.....	210
2.2.2 Optimal Interference: Ex post and Ex ante Optimality	211
2.2.3 Implementing Optimal Interference.....	212
2.2.4 Lessons for Financial Safety Net Structure.....	213
2.3 <i>Last Resort-Lending, Deposit Insurance, and Supervision</i>	214
2.3.1 Repullo (2000)	214
2.3.2 Kahn and Santos (2004).....	218
2.3.3 Implications for Safety Net Design.....	221
2.4 <i>Regulatory Competition and the Allocation of Control Rights in International Settings</i>	222
2.4.1 Regulatory Competition.....	222
2.4.2 Information Sharing Among Agencies.....	225
3. SUPERVISORY FORBEARANCE: A SYSTEMATIZATION.....	226
3.1 <i>Sources of Supervisory Leniency</i>	226
3.1.1 Sources of Type A Forbearance	227
3.1.2 Sources of Type B Forbearance.....	228
3.2 <i>Implications for Safety Net Structure: A Separation of Tasks?</i>	230
4. A STYLIZED MODEL OF FORBEARANCE AND CRISIS RESOLUTION	233
4.1 <i>Introduction</i>	233
4.2 <i>Model Framework</i>	234
4.2.1 Banks.....	235
4.2.2 The Regulator	237
4.3 <i>Supervisory Forbearance</i>	238
4.3.1 Incentives of the Bank to Gamble for Resurrection	238
4.3.2 Limited Reorganization Ability as a Source of Forbearance.....	240
4.3.3 Letting the Bank Move First.....	244
4.3.4 Implications for Ex Ante Risk Management Decisions	244
4.4 <i>Conclusion</i>	245
5. SUMMARY AND OUTLOOK	246
5.1 <i>A Summary of Major Findings</i>	246
5.2 <i>Outlook: The Central Bank as a Safety Net Player</i>	247
VI. BIBLIOGRAPHY	251
