

TABLE OF CONTENTS

PART I DESCRIPTION OF EPIZOANS, PAST STUDIES IN PALAEOLOGY AND GEOLOGICAL BACKGROUND

- INTRODUCTION
- PREVIOUS WORK
 - *Epibionts*
 - *Paleontological Studies of Epibionts*
- RESEARCH OBJECTIVES
- GEOLOGICAL BACKGROUND
 - *Paleoenvironmental interpretation of the Dundee formation (Whitehouse quarry)*
 - *Previous paleontological faunal lists from the Dundee Formation Trace fossils in the Dundee Formation*

PART II INVESTIGATION OF PALAEOLOGICAL INTERACTIONS IN THE FOSSIL RECORD

- METHODS
- RESULTS
 - *Taphonomy of shells*
 - *Trace types*
 - *Nature and position of traces on Rhipidomella shells*
 - *Microstructures*
 - *Encrustation on non-brachiopod hosts*
 - *Identification of trace-makers*
