General Aspects

1

General Aspects	2	8 Venous Access	21
1 Preliminary Remarks on the Surgical Intervention	2	9 Central Venous Port	25
2 Use of Scalpel, Needle Holder, Forceps, and Scissors ...	4	10 Venous Cutdown	26
3 Ligation and Suture Ligation	6	11 Joint Punctures	28
4 Knots	8	12 Pleural Punctures (Thoracentesis)	31
5 Skin Suture	11	13 Urinary Bladder Puncture	33
6 Drains	14	14 Ascites Puncture (Paracentesis)	34
7 Urinary Catheter	17	15 Fine-Needle Aspiration Biopsy	35
		16 Arterial Puncture and Arterial Catheterization	36

Operations

39

Skin and Soft Tissues	40	Thoracic Wall and Cavity	98
17 Excision of Skin Lesions	40	38 Axillary Lymph-Node Clearance	98
18 Removal of Soft Tissue Tumors	43	39 Breast Biopsy	101
19 Removal of Inguinal Lymph Node	45	40 Subcutaneous Mastectomy	103
20 Wound Management	47	41 Mastectomy (Auchinclos-Patey)	105
21 Secondary Suture	49	42 Chest Drain	109
22 Carbuncle of the Neck	51	43 Median Sternotomy	112
23 Bursectomy (Elbow)	53	44 Posterolateral Thoracotomy	116
24 V-Y Advancement Flap	55	45 Axillary Thoracotomy	120
25 Z-plasty	57	46 Atypical Lung Resection Open	123
26 Split-Skin Coverage	59	47 Atypical Thoracoscopic Lung Resection	126
27 Ganglion (Wrist)	61	48 Right Superior Lobectomy	129
28 Panaritium (Felon)	63	49 Pneumonectomy	132
29 Paronychia (Run-around)	64	50 Thoracoscopic Pleurectomy	135
30 Ingrown Toenail (Unguis Incarnatus; One-third Wedge Resection)	67	Abdominal Cavity: Diaphragm	138
Neck	69	51 Rupture of the Diaphragm	138
31 Removal of Cervical Lymph Node	69	Abdominal Cavity: Esophagus	140
32 Tracheotomy (Open and Percutaneous Tracheostoma) .	71	52 Hiatal Hernia Repair (Lortat-Jacob Hiato-plasty)	140
33 Exposure of the Jugular Vein	76	53 Fundoplication (Nissen-Rosetti and Toupet)	144
34 Subtotal Thyroidectomy	79	54 Laparoscopic Fundoplication	148
35 Total Thyroidectomy	85	55 Cardiomyotomy for Achalasia (Gottstein-Heller)	154
36 Parathyroidectomy	91		
37 Zenker Diverticulum	94		

Abdominal Cavity: Stomach	156	Abdominal Cavity: Large intestine	292
56 Percutaneous Endoscopic Gastrostomy (PEG)	156	92 Appendectomy	292
57 Gastrostomy (Witzel)	159	93 Laparoscopic Appendectomy	300
58 Closure of a Perforated Ulcer	162	94 Loop Transverse Colostomy	305
59 Oversewing of a Bleeding Peptic Ulcer	165	95 End Sigmoidostomy (Hartmann Procedure)	309
60 Gastrojejunostomy	168	96 Stoma Closure	315
61 Pyloroplasty (Heineke-Mikulicz, Finney, Jaboulay)	172	97 Colotomy and Polypectomy	318
62 Selective Proximal Vagotomy	175	98 Palliative Anastomosis between the Distal Ileum and Transverse Colon	321
63 Truncal Vagotomy	180	99 Right Hemicolectomy	325
64 Gastroduodenostomy (Billroth I)	182	100 Ileocecal Resection	332
65 Gastrojejunostomy (Billroth II)	190	101 Tubular Resection of the Sigmoid Colon	334
66 Roux-en-Y Gastrojejunostomy	193	102 Radical Resection of the Sigmoid Colon	340
67 Gastrectomy and Longmire Gastric Reconstruction	195	103 Laparoscopic Resection of the Sigmoid Colon	342
68 Gastrectomy and Roux-en-Y Gastric Reconstruction ...	206	104 Left Hemicolectomy	347
Abdominal Cavity: Gallbladder and Bile Ducts	208	105 Anterior Rectum Resection	355
69 Cholecystectomy	208	106 Rectum Resection	369
70 Laparoscopic Cholecystectomy	212	Retroperitoneum	375
71 Exploration of the Common Bile Duct	217	107 Adrenalectomy	375
72 Hepaticojejunostomy	221	108 Laparoscopic Adrenalectomy	379
Abdominal Cavity: Liver	225	Proctology	381
73 Wedge Resection of the Liver	225	109 Hemorrhoidectomy (Miles-Gabriel)	381
74 Hepatic Cyst	227	110 Perianal Abscess	385
75 Left Hepatic Lobectomy	231	111 Fistula-In-Ano (Including Sliding Flap)	388
76 Hepatic Rupture	236	112 Perianal Thrombosis	392
77 Port Catheter of the Hepatic Artery	240	113 Lateral Sphincterotomy (Parks)	395
Abdominal Cavity: Pancreas	243	114 Pilonidal Sinus (Schrudde-Olivari)	397
78 Necrosectomy of the Pancreas	243	External Genital Organs	401
79 Pseudocystojejunostomy	246	115 Testicular Hydrocele	401
80 Resection of the Tail of the Pancreas	250	116 Vasectomy	404
Abdominal Cavity: Spleen	254	Hernias	406
81 Splenectomy	254	117 Local Anesthesia for Inguinal Hernia Repair	406
82 Partial Splenectomy	257	118 Dissection for Inguinal Hernia Repair	409
83 Splenic Rupture	259	119 Inguinal Hernia Repair (Shouldice)	417
84 Laparoscopic Splenectomy	261	120 Inguinal Hernia Repair (Bassini)	421
Abdominal Cavity: Peritoneum	264	121 Inguinal Hernia Repair (Lichtenstein)	424
85 Peritonitis and Laparostoma	264	122 Transinguinal Preperitoneal Mesh Repair (TIPP)	427
86 Peritoneovenous Shunt	268	123 Preperitoneal Inguinal Hernia Repair	431
Abdominal Cavity: Small Intestine	272	124 Laparoscopic Inguinal Hernia Repair	438
87 Segmental Resection of the Small Intestine	272	125 Femoral Hernia Repair (Crural Approach)	443
88 Intraluminal Stenting of the Small Intestine (Dennis Tube)	276	126 Femoral Hernia Repair (Inguinal Approach; Lotheissen, McVay)	446
89 Meckel Diverticulum	280	127 Femoral Hernia Repair (Inguinocrural Approach)	451
90 End Ileostomy	283	128 Epigastric Hernia	454
91 Loop Ileostomy	289	129 Umbilical Hernia	456
		130 Incisional Hernia	460
		131 Spigelian Hernia	464

Pediatric Surgery	467	148	Olecranon Fracture—Tension Band Wiring	527
132 Inguinal Hernia in Children	467	149	Fracture of the Radius Shaft—ORIF Plate Fixation	530
133 Orchidopexy for Inguinal Testes (Shoemaker)	472	150	Distal Radius Fracture—ORIF Plate Fixation	534
134 Circumcision	478	151	Distal Radius Fracture—Kirschner Wire Fixation	538
135 Pyloromyotomy (Weber-Ramstedt)	481	152	Dupuytren Fasciectomy	541
Vessels	483	153	Flexor Tendon Repair	544
136 Femoral Embolectomy	483	154	Extensor Tendon Repair	547
137 Femoral Thrombectomy	486	155	Carpal Tunnel Release	550
138 Crossectomy, Long Saphenous Vein Stripping, and Perforator Ligation	490	156	Pelvic External Fixation	552
139. Dialysis Shunt (Cimino Arteriovenous Fistula)	497	157	Dynamic Hip Screw (DHS)	555
Amputations	499	158	Proximal Femoral Nailing	561
140. Finger and Toe Amputation	499	159	Femoral Head Replacement (Hemiarthroplasty)	567
141. Below-Knee Amputation	502	160	Femoral Shaft—ORIF Plate Fixation	572
142. Above-Knee Amputation	505	161	Patella Fracture—Tension Band Wiring	576
Traumatology	510	162	Intramedullary Nailing of the Tibia	580
143 Traction Management of Fractures	510	163	Lower Leg—External Fixation	584
144 Harvesting Cancellous Iliac Bone for Grafting	516	164	Medial Malleolus—ORIF	587
145 Septic Arthritis of the Knee	519	165	Lateral Malleolus—ORIF	590
146 Fasciotomy of the Lower Leg	522	166	Fibular Ligament Suture and Ligament Reconstruction with a Periosteal Flap	595
147 Per- and Supracondylar Fracture of the Humerus (Child)	525	167	Achilles Tendon Repair	598
