

Table of contents

Possible applications of the equipment

Introduction	
Glossary	
Drilling rig LB 16	
Drilling rig LB 20/LB 24	
Drilling rig LB 28/LB 36	
Duty cycle crawler cranes HS series	
Piling rig LRH 200/LRH 400/LRH 600	
Kelly drilling 1-22	
Drilling with single rotary drive 23-28	
Double rotary drilling 29-32	
Grab excavation 33-42	
Slurry wall installation 43-46	
Vibrating 47-56	
Impact pile driving 57-62	
Drilled pile A	A
Augered pile · Partial and full displacement augered pile B	B
Steel profiles and precast concrete components in boreholes C	C
Sand and gravel pile, soil exchange drillings D	D
Predrilling E	E
Well drilling F	F
GEWI pile G	G
High-pressure injection (jet grouting, high-pressure soil stabilisation/cementation, jetting) H	H
Wet-mix pile/MIP pile I	I
Slurry wall K	K
Vibration of steel profiles L	L
Deep compaction M	M
Impact driving of steel profiles N	N
Impact driving of precast reinforced concrete and pre-stressed concrete driven piles O	O
Impact compaction P	P
