                (1) Delivery of the opinion .................... 183
                    (a) Party being inspected .................... 183
                    (b) Lawyers of the party requesting inspection 183
                    (c) Petitioner personally ...................... 184
                (2) Hearing the court expert .................... 188
             dd) Possibility of appeal ........................... 188
                (1) Delivery of the opinion .................... 188
                (2) Inspection court order ..................... 189
                (3) Deadline for an infringement action ....... 190
                (4) Toleration order .............................. 190
             ee) Costs .............................................. 191
          c) Obligation to pay damages .......................... 192
          d) Sections 142 and 144 of the German Code of Civil Procedure .......... 193
          e) EU Regulation 1206/2001 .......................... 194
          f) Establishing the facts outside Germany .......... 194
          g) Public prosecution ................................. 196
   III. Obligation to render account for enforcing the damages claim .......................... 196
       1. Conditions .............................................. 196
       2. Legal consequences .................................. 198
       3. Procedural enforcement .............................. 198
   IV. Border seizure .............................................. 199
       1. Action under Regulation (EU) No 608/2013 .......... 200
          a) Scope of application ............................ 200
          b) Applicant ......................................... 201
          c) Application ....................................... 202
          d) Notification obligations ......................... 203
          e) Prosecution by the customs authority .......... 204
             aa) Suspension of release/detention .............. 204
             bb) Destruction ..................................... 205
II. Right to sue

1. Patent proprietors
   a) Assignment of the patent in suit
      aa) Right of action and right to sue
      bb) Differing German Federal Supreme Court case law
         (1) Critical analysis:
         (2) Application of the case law
   b) Plurality of patent proprietors.
   c) Extension of a final judgement

2. Exclusive licensees

3. Regular licensees
   a) Cease and desist and destruction claims
   b) Rendering of account, compensation and damages

4. Special cases

III. Capacity to be made a defendant

1. Liability as an infringer
2. Liability due to induced infringement
   a) Provider of an Internet platform
   b) File hosting service
   c) Access provider.
   d) WLAN connection
   e) Forwarding agents and shippers.
   f) Lessors of domains and administrative contacts

3. Legal representatives

4. Liability of companies and shareholders

5. Procedural considerations
   a) Consolidation of actions.
      aa) Cumulatively
      bb) If applicable
      cc) Alternatively
      dd) Transition
   b) Partial judgment
      aa) Joined parties
      bb) Numerous contested embodiments/numerous petitions in an action
      cc) Numerous parallel property rights.
   c) Correction of party name
   d) Capacity to sue and be sued
      aa) Disputed facts
      bb) Undisputed facts
   e) Extension of an action to include additional parties
      aa) First instance
      bb) Second instance
   f) Insolvency
   g) Proceedings against oneself

IV. Asserted Claims

1. Cease and desist claim
   a) Risk of repetition
      aa) Origination
      bb) Removal
   b) Risk of first violation
      aa) Origination
      bb) Removal
   c) Special circumstances
   d) Contributory infringement
   e) Wording of petitions
      aa) Infringing acts
bb) Subject matter of the judgement
cc) Time period
f) Loss of effect during infringement proceedings

2. Removal claim
3. Publication of a judgment
   a) Conditions
   b) Legal consequences
4. Compensation claim
   a) Conditions
   b) Obliged party
   c) Amount
   d) Proceedings
5. Damages claim
   a) Culpability
      aa) Forwarding agents, distributors and retailers
      bb) Equivalence
      cc) Validity
         (1) Patents
         (2) Utility models
      dd) Ordinary negligence
      ee) Lack of culpability
   b) Offer for sale as an event triggering liability
   c) Damages in the event of contributory patent infringement
   d) Overall devices, »peripheral devices« and consumables
6. Claim for unfair enrichment
7. Joint procedural considerations
   a) Stepped action
   b) Request for declaratory judgment
8. Claim for information and rendering of account
   a) Section 140(b) of the German Patent Act
      aa) Substantive law
         (1) Entitlement to file a claim
         (2) Defendant
            (a) Parties inducing an infringement
            (b) Third parties
               (aa) Material scope
               (aaa) Obvious infringement of rights
               (bbb) Filing an action
               (bb) Personal scope
                  (aaa) Former proprietor
                  (bbb) Use of services
                  (ccc) Carrying out services
                  (ddd) Denunciating person
               (3) Disproportionality
               (4) Content of the claim
                  (a) Origin
                     (aa) Products
                     (bb) Services
                  (b) Distribution channels
                     (aa) Buyers
                     (bb) Quantity
                     (cc) Sales prices
                     (c) Immediately
                     (d) Submission of documents
                     (e) Affidavit
                  (3) Disproportionality
                  (4) Content of the claim
                     (a) Origin
                     (aa) Products
                     (bb) Services
                  (b) Distribution channels
                     (aa) Buyers
                     (bb) Quantity
                     (cc) Sales prices
                     (c) Immediately
                     (d) Submission of documents
                     (e) Affidavit
   bb) Procedural considerations
      (1) Preliminary injunction
      (2) Suspension
   cc) Special case of »telecommunications data«
      (1) Telecommunications data
