List of Abbreviations...................................................... XIX

Part A Introductory
Chapter 1
1 Introduction and Problem Definition.......................... 1
2 Vertical Brand Portfolio Management............................ 2
3 General Overview of Contemporary Developments in the Field........ 3
   3.1 Brand Manufacturer Responses to Private Labels.............. 3
   3.2 The Evolution of Private Labels................................. 4
   3.3 Private Labels and the Vertical Relationship................. 5
4 Research Philosophy and Theoretical Background............... 6
   4.1 Principal Agent Theory........................................... 6
   4.2 Brand Portfolio Management..................................... 7
   4.3 Vertical Marketing Practices.................................... 7
   4.4 VBPM Goals....................................................... 8
5 Goals and Structure of the Thesis................................ 10

Part B Central Themes and Theoretical Foundations................. 13
1 Vertical Brand Portfolio Management: Perspectives for Brand Manufacturers.............................. 13
   1.1 Brand Architecture............................................... 13
   1.2 Managing Brand Portfolios...................................... 14
   1.3 The Benefits of Multi-Brand Portfolios....................... 15
   1.4 Linking Market Segmentation to Brand Portfolio Strategy.... 16
      1.4.1 Price Segmentation......................................... 17
      1.4.2 Channel Segmentation...................................... 17
      1.4.3 Benefit Segmentation...................................... 18
   1.5 Brand Portfolio Issues Justifying VBPM....................... 19
      1.5.1 VBPM and Segmentation Considerations.................... 20
1.5.2 VBPM as Entry Barrier for Competitors ...........................................23
1.5.3 Leveraging Brands Vertically ...............................................................23
1.6 Implications of PL Positioning on VBPM ...............................................25
1.6.1 Integrating Value Private Labels .........................................................25
1.6.2 Integrating Premium Private Labels .....................................................26

2 Definition and Manifestations of Private Labels ........................................26
2.1 Strategic Options for Private Labels ......................................................28
2.1.1 Brand Breadth .................................................................................29
2.1.2 Positioning of Private Labels ..............................................................30
2.1.3 Private Label Segmentation ...............................................................32
2.1.4 Relationship with Store .....................................................................34
2.2 Multi Segmented Private Label Portfolios ...........................................34
2.2.1 Loblaws Case ..................................................................................35
2.2.2 REWE Case .....................................................................................37
2.3 Differences between Private Labels and Manufacturer Brands ...........39

3 Channel Relationships and Vertical Marketing Practices ..........................40
3.1 Efficient Consumer Response .................................................................42
3.2 Category Management ..........................................................................43
3.2.1 Efficient Assortment .........................................................................45
3.2.2 Efficient Promotion ...........................................................................45
3.2.3 Efficient Product Introduction .........................................................46
3.2.4 The Category Management Process ..................................................46
3.3 Goals and Benefits of ECR and Category Management .......................47
3.4 Problems and Risks of ECR Adoption ..................................................51
3.5 Private Labels in the Category Management Context ..........................52
3.5.1 Roles of Private Labels for the Retailer ..............................................52
3.5.2 Private Label Success Factors ............................................................53
3.5.3 Category Management and Pricing Decisions ....................................54
3.6 The Integration of Private Label Production in Supplier-Retailer
Collaborations .........................................................................................55
3.7 Vertical Brand Portfolio Management and ECR ....................................57
3.2.2 Kapferer's Six Main Types of Brand Architecture

3.2.2.1 Product Brand Strategy

3.2.2.2 Line Brand Strategy

3.2.2.3 Range Brand Strategy

3.2.2.4 Endorsing Brand Strategy

3.2.2.5 Umbrella Brand Strategies

3.2.2.6 Source Brand Strategy

3.2.3 Complex Brand Architectures - Unilever Case

3.2.4 The Effects of Brand Architecture on Brand Portfolio Growth

3.2.5 The Effects of Brand Architecture on VBPM

3.2.6 Taking an Inventory of the Portfolio Brands

3.2.7 Brand-Product Matrix - Procter & Gamble Washing Detergent Category

3.2.8 Brand Portfolio Audit

3.2.8.1 Brand Level Analysis

3.2.8.2 Category and Brand Portfolio Level Analysis

3.2.8.3 Product-Defining Roles

3.2.8.4 The Scope of Portfolio Roles

3.2.8.5 Determination of Portfolio Roles for the VBPM Audit

3.3 Brand Architecture Audit Check-list and Audit Questions

3.4 Organisational Capability Inventory and Assessment

3.4.1 Brand Management Capabilities

3.4.1.1 Tasks and Responsibilities at the Organisational Level

3.4.1.2 Brand Management Tasks at the Functional Level

3.4.2 Assessing Vertical Marketing Capabilities

3.4.2.1 Key Success Factor: Involvement of Top Management

3.4.2.2 Key Success Factor: ECR Measurement

3.4.2.3 Key Success Factor: Category Management Capabilities

3.4.2.4 Key Success Factor: Information Technology Capabilities

3.4.2.5 Key Success Factor: Organisational Change

3.5 Summary of the Findings of the Intra-Organisational Audit

4 Step 2: Understanding Market Characteristics
