Congress Program

Oral Presentations

Monday, February 9th, 2015
Heart Valve Diseases I (Minimally-Invasive Access)
TAVI I - Results
Heart and Lung Failure I
Arrhythmias and Cardiac Implantable Electronic Devices
Cardiothoracic Intensive Care Medicine I
Heart Valve Diseases II (Aortic Valves Sutureless)
TAVI II - Technique and Imaging
Heart and Lung Failure II
Arrhythmias and Cardiac Implantable Electronic Devices II
Cardiothoracic Intensive Care Medicine II
Coronary Heart Diseases I
Heart Valve Diseases III (Mitral and Tricuspid Valves)
Heart and Lung Failure III
Basic Science - Cell Gene Therapy
Perioperative Medicine
Coronary Heart Diseases II
TAVI III - Complications
Heart Valve Diseases IV (Aortic Valves in Young Adults)
Basic Science - Tissue Engineering
Thoracic Surgery
Tuesday, February 10th, 2015
Mitral Insufficiency - Interventional Therapy
Congenital Heart Diseases I
Organ Transplantation I (Lung)
Basic Science I - Inflammation / Metabolism
Endovascular and Re-Do Aortic Surgery
Imaging Techniques
ePosters

Monday, February 9th, 2015
Arrhythmia, Intensive Care, Perioperative Medicine
Basic Science
Coronary and Congenital Heart Diseases
Heart Failure and Organ Transplantation
Tuesday, February 10th, 2015
Heart Valve Disease I
Aortic and Thoracic Surgery
Heart Valve Disease II
Extracorporeal Circulation
