### Plenarvorträge / Plenary Lecture

- **H. Ludanek, G. Sandgren, F. Roos**
  Drivetrain functions for reduction of CO2-emission and higher comfort in future powertrain concepts with an integrated approach
  3

- **T. Nakatsuka**
  Role of transmissions in contributing to the automotive industry
  21

- **Y. Hojo**
  TOYOTA drivetrain technologies for customers around the world
  41

### Automatikgetriebe / Stufenlosgetriebe / Automatic transmission / continuously variable transmission

- **C. Zülch, C. Kraft, U. Lindner, M. Mischnick, M. Reichler**
  The new BMW powertrain with eight-speed automatic transmission
  57

- **A. Teubert**
  CVT – The transmission concept of the future
  67

- **F. Shinohara**
  Development of new shift controls CVT7’s auxiliary gearbox to obtain a smoother shift feel
  83
NVH / NVH

C. Sasse
New hydrodynamic torque converters for improved NVH-behavior and reduced fuel consumption 95

H. Faust
Powertrain with sequential cylinder deactivation (SCD) modes of 6-cylinder engines 105

P. Lindemann, T. Krause, M. Steinberger
Innovative Torque Converters – iTC™ 119

Elektrische Antriebe und Speicher / Electric drivetrain and storage

P. Lück,
The modular electric drive of the Volkswagen e-Golf 139
H. Jelden,
J. Tousen

M. Budde
Future requirements of electrical vehicle batteries 155

S. Quaglia, G. Riedmiller
The functional innovations of the BMW i3 powertrain 165

Hybrid I / Hybrid drive I

J. Ogrzewalla, M. Stapelbroek, G. Hellenbroich
ePGS – package optimized hybrid drivetrain 181

M. Rihn
A universal hybrid transmission for HEVs, PHEVs and E-REVs – PUNCH powerglide’s vision of hybrid mobility 189

H. Schäfer
Electrical transmission for plug-in-hybrid vehicles 203
**Antriebssysteme / Drive systems**

J. Lang, V. Marx, P. Gansloser

CTC – Compact Transfer Case – Das neue Mercedes-Benz Allradsystem

J. Gindele, W. Novak, P. Fietkau, P. Neuwirth, W. Leitermann

Trans:Mission – Driving performance – The transaxle powertrain of the Mercedes-AMG sports cars

**Kupplungen / Synchronisierung / Clutches / Synchronizer**

N. Tonius, B. Bertsche, C. Dörr

Dog clutches as innovative shifting elements for automatic transmissions

A. Promberger, F. Nickel, V. Föge

Potential and further development of the free spinning friction ring – Has a long time displaced friction system concept the right answers for today’s challenges?

T. Neupert, D. Bartel

Drag torque of wet clutches – Comparison of measurement and CFD simulation

**Doppelkupplungsgetriebe / Dual clutch transmission**

J. Hoffmann, P. Bührle, K.-L. Kimmig, A. Englisch, A. Götz

Double clutch systems – comfortable, efficient, sporty

A. Grau

Development process for a wet dual clutch with regard to fulfill vehicle requirements
Hybrid II / Hybrid drive II

W. Binder, H. Gröhlich, A. Kelller
The new e-S tronic® with integrated electric motor in the Audi A3 e-tron – 6-Speed e-DCT (DQ400E) 321

L. Hallén
The automatic transmission for the new Volvo XC90 plug-in hybrid powertrain 339

V. Saxena, A. Moser, F. Schneider, H.-J. Hauck, M. Burmeister, R. Köstel
Innovative and compact disconnect system for electrified drivetrains using a one-way clutch in a DCT 345

Elektrische Antriebe / Electric drivetrain

U. Griesmeier, V. Engel, E. Lübbe, D. Ortner
Implementation of a range extender concept for vehicles with front- or rear-transverse mounted engines 355

Gear design for a high-speed e-drive – Gear concepts for high-speed e-motive applications 369

T. Altenrath
GKN two speed electric front axle for the BMW i8 – The first two speed eAxle on the market 383

W. Schön
Highly integrated electric drivetrain 397
### Handschaltgetriebe / Manual transmission
