

Contents

1	Introduction	1
2	Theoretical Framework	4
2.1	Matching the cross-section across the large and small p_T regions	6
2.2	Resummation coefficients and determination of $H_g^{A,(2)}$	7
3	The results: Hard coefficients and matched distributions	7
3.1	Evaluation of Hard coefficient	7
3.2	Fixed order distribution at NNLO	9
3.3	Matched distributions	10
4	Conclusion	13
