1	Introduction	2
2	Setup	4
2.1	Toy model	4
2.2	Conservation equations	5
2.3	Overall picture via current equations	7
3	Production of helical gauge fields and chiral fermions	8
3.1	Helical gauge field production without backreaction	9
3.2	Chiral fermion production from the helical gauge field	12
4	Backreaction	22
4.1	Consistency conditions	23
4.2	Induced current and backreaction	24
5	Phenomenological implications	30
5.1	Inflation	30
5.2	Leptogenesis	34
6	Conclusions and outlook	37
A	Notations and conventions	39
A.1	Metric	39
A.2	Clifford algebras	39
