**Acknowledgements — V**

**About the Authors — VII**

**Foreword — IX**

**List of Cases — XV**

**List of Figures — XVII**

**List of Tables — XIX**

**Introduction — XXI**

## **Chapter 1**

**The Case for Change — 1**

CX Under Threat — 1

CX Transformation — 2

Inability to Demonstrate CX Returns — 2

CX ROI Revenue Upsides — 5

CX ROI Cost Improvements — 6

Inadequately Differentiated CX — 8

Parity is Inadequate — 9

A Lack of CX Execution — 12

Competing Values and CX — 15

Endnotes — 17

## **Chapter 2**

**Defining Lean CX — 20**

Lean Management Reduces Waste — 20

New Product Failure is Wasteful — 21

Waste in Start-ups — 22

Confusing Cost Reduction with CX Improvement — 24

To Innovate or Increment — 30

Reasons Entrepreneurs Discontinue their Businesses — 31

Reversing Traditional CX to Be Agile — 35

Overcoming Resistance to Innovation — 40

Endnotes — 42

### **Chapter 3**

#### **Creating Market Cut-Through — 44**

Volatility — 44

Uncertainty — 45

Complexity — 46

Ambiguity — 48

Defining Cut-Through — 49

Adjacent Positioning to Cut-Through — 54

Business Model Canvas and CX — 57

MAYA – Most Advanced Yet Acceptable — 60

Endnotes — 64

### **Chapter 4**

#### **Where to Start — 66**

Human-Centred Design — 66

Lizard, Labrador, and Leader Brains — 70

CAPFUL Customer Psychology — 75

Customer TERMS — 78

Design and the Matrix — 81

IKEA vs. Amazon Go and Time — 82

Public Transport and Emotion — 84

Dell vs. Samsung Warranty Risk — 85

Patreon and Prime Pricing — 87

Porto vs. Marrakesh Alcohol Appropriate Situations — 91

Flexitarians, Impossible Burgers and Cauliflower Pizza

Sensations — 92

Kano Quality Framework — 96

Value Stream Maps — 103

Specialisation — 107

Integration — 108

Expand Segments — 108

New Channels — 109

Mass Customisation — 110

Servitisation — 110

Endnotes — 112

### **Chapter 5**

#### **Managing the Cycle — 116**

Four Phases of Lean CX — 116

Phase I: Prepare & Align — 118

Structure — 118

Clarity — 120

- Baseline — 120
- Phase II: Find an Adjacent Market Position — 123
  - Using Nominal Groups — 125
  - Decision Criteria Matrix — 126
  - Evolutionary Algorithm — 129
- Phase III: Design Your Minimum Viable Initiative — 131
  - Test Templates — 133
  - MVI Testing — 135
  - Getting to MAYA — 138
- Phase IV: Refine and Validate — 140
  - Finalising the MVI — 141
  - Unpack Key Learnings — 141
  - Hardening Measures — 142
  - Scaled Agile — 142
- Endnotes — 145

## Chapter 6

- Business to Business — 147**
  - B2B vs. B2C — 147
  - Buying Modes — 149
    - Transactional Buying Operations — 151
    - Routine Exchange Relationships — 151
    - Organic Buying Relationships — 151
  - eCommerce — 152
  - Changing Customer Value — 153
  - Jobs-to-Be-Done — 160
  - Organising Around Customer Journeys — 165
  - Key Player Impacts — 167
  - Building CX Beyond the Core — 167
  - Endnotes — 170

## Chapter 7

- Explore and Exploit — 172**
  - Ambidexterity — 172
  - Business Life Stages — 173
  - Systemic Business Errors — 174
  - Partial Ambidexterity Solutions — 177
  - Swarming for Innovation — 179
    - Ant Colony Optimisation — 184
    - Grey Wolf Optimisation — 187
    - Bird Swarm Algorithm — 191
  - Endnotes — 197
