EU Anti-Dumping Measures Against Russian Exporters

In View of Russian Accession to the WTO and the EU Enlargement 2004
CONTENTS

Introduction ................................................................. 17

PART ONE. RUSSIA AND THE EU

Bilateral trade relations with emphasis on EU anti-dumping measures against Russia

A. Introduction ............................................................. 19

I. Background ............................................................... 19

II. Economical overview of the trade relations between the EU-15 and Russia .................................. 21

B. Overview of trade relations between Russia and the EU ............................................................. 27

I. Historical development of bilateral relations between Russia and the EU— a long way from opposition to partnership .......... 27

1. Relations between the Soviet Union and the EU ................. 27

2. Conclusion of Partnership and Cooperation Agreement as a new chapter in EU-Russia Relations ............................ 28

II. Present state of the relations between Russia and the EU.

   Agreements and documents on trade issues between Russia and the EU ..................................... 30

1. Partnership and Cooperation Agreement as a cornerstone of bilateral relations ......................................... 30

   a) Structure and key features of Partnership and Cooperation Agreement regarding trade ...................... 30

   b) Legal framework of Partnership and Cooperation Agreement in the Russian Federation .................... 31

   c) Legal framework of Partnership and Cooperation Agreement in the European Union .......................... 31

   d) The institutional framework of Russia-EU relations ................................................................. 31

   e) Provisions of Partnership and Cooperation Agreement regarding anti-dumping investigations .............. 33

   aa) Natural Comparative Advantages ................................................. 34

   f) Conclusion ........................................................................ 36

2. The EU Common Strategy on Russia – Partnership with Russia in the light of the Amsterdam Treaty .................... 37

   a) Legal framework of the EU Common Strategy on Russia in the EU law .......................................... 37

   b) Main goals of the EU Common Strategy on Russia ........................................................................ 38

   c) Provisions regarding trade ..................................................... 38

   d) Critical observations ............................................................ 38

   a) Main goals of the Russian Middle Term Strategy ............................................................................. 40

   b) Provisions regarding trade ..................................................... 41

   c) Conclusion ........................................................................... 42
4. Wider Europe Initiative ............................................................. 45

C. Future prospects ........................................................................... 46
I. The Common European Economic Space ......................................... 46
II. Russia’s accession to the WTO and the EU ...................................... 47
   1. Aims and objectives of the accession ............................................ 47
   2. Legal framework of Russia’s accession to the WTO ...................... 48
   3. EU as a major negotiator in the Russia’s WTO bid ....................... 50
   4. WTO Legal Issues—Is the EU energy demand WTO-Plus? ........... 52
   5. Reform of the trade legislation in view of the accession to the WTO .. 52

Conclusion of Part one ........................................................................ 53

PART TWO. EU ANTI-DUMPING LAW AND PRACTICE AGAINST RUSSIAN EXPORTERS

A. Legal framework of the EU anti-dumping law .................................... 55
I. The multinational WTO legal framework ......................................... 55
II. The EC Framework .......................................................................... 57
   1. Anti-dumping provisions in EC primary legislation ....................... 57
   2. Anti-dumping provisions in EC secondary legislation ................... 57
      a) Scope of the Basic Anti-dumping Regulation .............................. 57
   3. Increase of transparency in the EU Anti-dumping Acts ................ 58

B. Substantive elements of the EU Anti-Dumping Investigation ............... 59
I. Dumping ......................................................................................... 59
   1. Normal value determinations for imports from market economy countries ................................................................. 60
      a) Normal value based on domestic market price .......................... 60
      b) Grounds for disregarding domestic market prices .................... 61
         aa) No or insufficient sales of like product ................................. 61
         (i) No sales ........................................................................ 62
         (ii) Insufficient sales: the five per cent rule ............................... 62
      bb) No sales in the ordinary course of trade .............................. 63
         (i) Sales below costs .......................................................... 63
         (ii) Associated parties and compensatory agreements ............... 64
      cc) Sales not permitting proper comparison ................................. 66
   c) The alternative normal value tests .............................................. 66
      aa) Constructed value ............................................................... 66
         (i) Rules concerning the determination of costs ...................... 66
         (ii) The elements of constructed value ................................... 67
      bb) Export price to third country ................................................. 67
   2. Export price ............................................................................... 69
      a) Notion of export price .......................................................... 69
      b) Notion of constructed export price ........................................ 69
      c) Calculation of constructed export price ................................... 70
1. Expiry review ................................................................. 100
2. Interim review ............................................................... 101
3. Combined expiry and interim review investigation ............. 104
4. New exporter review ...................................................... 104
5. Anti-absorption review .................................................. 105
6. Anti-circumvention review .............................................. 106

IV. Refund procedure ............................................................ 108

V. Judicial review ............................................................... 109
1. Direct actions ............................................................... 109
   a) Action for annulment ................................................. 110
      aa) Acts reviewable under Art. 230 of the EC Treaty .... 110
      bb) Grounds for review under Art. 230 of the EC Treaty .. 111
   b) Action for failure to act ............................................ 111
   c) Action for damages ............................................... 112
2. Preliminary rulings ....................................................... 112

D. Anti-dumping measures .................................................. 115
I. Anti-dumping duties ....................................................... 115
   1. Amount of duty ....................................................... 115
   2. Form of duty ......................................................... 117
II. Undertaking ................................................................. 117
   1. Notion and conditions for accepting an undertaking ........ 117
   2. Advantages and drawbacks of undertakings for exporters 120
   3. Monitoring of undertakings ....................................... 120
III. Imposition of different forms of duties on the example of cases of Russian exporters ...................................... 121
   1. Potassium chloride ................................................. 122
   2. Ammonium nitrate ................................................... 125
   3. Urea ................................................................. 126

Conclusion of Part two ..................................................... 128

PART THREE. RUSSIA’S STATUS AS A MARKET ECONOMY COUNTRY GRANTED BY THE EU IN 2002
A. Historical Analysis .......................................................... 135
I. Background ................................................................. 135
II. Market and non-market economies in the context of GATT/WTO anti-dumping rules ......................................... 138
III. The concept of analogue country in the EU Anti-dumping legislation ................................................................. 140
   1. Background ........................................................... 140
   2. Empirical selection process ....................................... 142
   3. Conclusion ........................................................... 146
IV. Market and non-market economies in the EU anti-dumping law. Historical overview .................................................. 147
1. The period 1968-1994 – Russia as a State trading country ..............147
2. The period 1994-1998 - Era of economic changes in Russia and sighing of Partnership and Cooperation Agreement ..............148
3. The period from 1998 to 2002 - Conditional market economy treatment towards Russian exports ..................150
   a) Background .....................................................................150
   b) Five market economy criteria ............................................151
   c) Impact of market economy treatment on dumping margins ...152
   d) The 2000 “conditional market economy” amendments to the Basic Regulation ..................................153
   e) Results of application of a “hybrid” market economy status towards Russia ........................................154

B. The 2002 amendment to the Basic Regulation – The granting of Market Economy Status to Russia ..................156
I. Background ........................................................................156
II. Legal framework of the Russian market economy status ........157
III. 2002 amendments to the Basic Anti-dumping Regulation ....158
   1. Legal analysis ..................................................................158
   2. Practice of the EU Commission ........................................163
   3. Critical observations .......................................................165
V. WTO consistency of the 2002 amendments .........................166
VI. Ways of bringing the EU treatment of former non-market economies in line with international trade rules ........167
    1. Signatories of Partnership and Cooperation Agreement ........168
    2. WTO members ................................................................169

PART FOUR. PERSPECTIVES
A. The impact of EU Enlargement 2004 on anti-dumping measures against Russia ........................................171
I. Background ........................................................................171
II. Legal framework of the extension of the EU anti-dumping policy on new Member States ...............................171
III. Partnership and Cooperation Agreement and the new EU Member States ..............................................172
IV. The previous experience of the extension of EU Anti-dumping measures upon accession of Austria, Finland and Sweden in 1995 .................................174
V. Provisional evaluation of economical impact of the EU enlargement on EU Anti-dumping measures against Russia ..................................................175
VI. Defending the interests of exporters in the enlarged EU ........177
VII. Conclusion ......................................................................178

B. Accession to the WTO -The use of WTO Dispute Settlement Mechanism .........................................................178
I. Background ........................................................................178
II. Legal framework ........................................................................................................... 179
III. The scope of dispute settlement .................................................................................... 180
IV. Challenging the legislation ............................................................................................. 180
V. Overview of the WTO dispute settlement procedure ....................................................... 181
VI. Panel and Appellate Body Recommendations............................................................... 182
VII. Special standard of review ............................................................................................ 183
VIII. Non-appliance of exhaustion of local remedies rule ................................................... 184
IX. Conclusion .................................................................................................................... 185
Joint Conclusion .................................................................................................................. 185
Afterword ............................................................................................................................ 189
Literature .............................................................................................................................. 195
