

List of contents

1 Introduction.....	17
1.1 Volunteering – a labour market instrument?	17
1.2 Comparative approach.....	22
1.3 Case selection: Germany and Great Britain as examples	24
1.4 Time frame of analysis	27
1.5 Outline of chapters	28
2 A theoretical approach to the interrelation between unemployment and volunteering.....	31
2.1 Unemployment, volunteering and social exclusion.....	32
2.1.1 Social exclusion over the life course.....	33
2.1.2 Individual coping strategies	38
2.2 Volunteering as a job search strategy	42
2.2.1 Human capital via volunteering	42
2.2.2 Social capital via volunteering.....	46
2.3 Volunteering as an alternative activity	50
2.4 The institutionalisation of life courses.....	53
2.4.1 The influence of the welfare state	56
2.4.2 The segmentation of the labour market.....	62
2.4.3 Gender and the welfare state.....	64
2.5 Summary	68

3	The role of volunteering for labour market integration or exclusion – German and British social policies compared	71
3.1	Definitions of unemployment – and regulations of volunteering	73
3.1.1	Germany.....	73
3.1.2	Great Britain	77
3.2	Unemployment development from the 1980s until today.....	80
3.2.1	Germany.....	80
3.2.2	Great Britain	83
3.3	The historical development of the non-profit sector.....	85
3.3.1	Germany: State-funded non-profit sector.....	85
3.3.2	Great Britain: Privately-funded non-profit sector	87
3.4	Re-integration into the labour market.....	89
3.4.1	Germany.....	90
3.4.2	Great Britain	96
3.5	Recent workfare approaches – Involuntary volunteering	100
3.5.1	Germany.....	101
3.5.2	Great Britain	102
3.6	Reducing the labour force supply	105
3.6.1	West Germany	107
3.6.2	East Germany.....	110
3.6.3	Great Britain	113
3.7	Summary	115
4	Unemployment and volunteering – previous research revisited	119
4.1	Risk factors associated with unemployment.....	120
4.1.1	Socio-demographic factors	120
4.1.2	Human capital	122
4.1.3	Social networks.....	125
4.1.4	Personality factors.....	128
4.1.5	Institutional factors	130

4.1.6	Summary.....	132
4.2	Volunteering.....	133
4.2.1	National percentages of volunteers.....	133
4.2.2	Volunteering areas, organisations and activities.....	134
4.2.3	Who volunteers?.....	139
4.2.4	Summary.....	152
4.3	The interrelation between employment status and volunteering.....	153
4.3.1	Declining social networks during unemployment.....	154
4.3.2	The role of volunteering for re-employment chances.....	156
4.3.3	Volunteering as an alternative to paid work.....	160
4.4	Summary.....	162
5	Hypotheses.....	165
6	Methodological approach: cross-national and longitudinal.....	169
6.1	Datasets.....	169
6.1.1	Available data sets.....	169
6.1.2	Panel data.....	171
6.1.3	GSOEP.....	171
6.1.4	BHPS.....	174
6.2	Sampling issues.....	176
6.2.1	Missing data.....	177
6.2.2	Panel attrition.....	179
6.2.3	Sample selection.....	181
6.3	Operationalisation of the variables.....	183
6.3.1	German case.....	183
6.3.2	British case.....	190
6.4	Data analysis.....	197
6.4.1	Data set up.....	197
6.4.2	Multivariate longitudinal data analysis.....	199

7 Empirical results: Interrelations between volunteering and labour market inclusion or exclusion	203
7.1 Descriptive analysis.....	203
7.1.1 Unemployment and volunteering.....	204
7.1.2 Who volunteers? Who are the unemployed who volunteer?.....	209
7.1.3 Changes in labour market status and volunteering behaviour...	225
7.2 Multivariate analysis	229
7.2.1 The influence of unemployment on giving up volunteering	230
7.2.2 The influence of unemployment on taking up volunteering	237
7.2.3 The influence of volunteering on re-employment chances	242
7.3 Summary	247
8 Discussion and conclusion	253
8.1 What have we learnt?	254
8.2 Conclusion for future policies and suggestions for further research ..	257
Bibliography	261
Appendix	281
